Company Profile

Product, Solution, Installation, Management

TVSAT are a supplier of premium quality MATV, Satellite, CCTV, AV, IP and Digital Signage products and solutions, specializing in Commercial, Hospitality, MDU and Strata applications.

Our services include product supply, system design, programming, technical support, installation management, commissioning and ongoing service maintenance. All technicians are trained and qualified in commercial and complex systems.

At TVSAT, our aim is to provide reliable products and solutions to meet Customer's requirements. We believe that quality equipment engineered for superior performance will result in the best return on investment.

By engaging TVSAT, the highest level workmanship will be achieved for all your communications requirements as opposed to dealing with multiple contractors.

Our choice of professional equipment is of the highest quality that meets and in many instances exceeds the relevant Australian and International standards.

Facility Managers, Building Managers, Developers and Electrical Contractors are encouraged to bring their projects and tenders to us, so we can provide the best solution with a competitive project price.

The TVSAT office and warehouse is located in Artarmon, where we provide a prompt and reliable service to our growing customer base locally and Australia wide. Clients are invited to visit our premises to inspect our operations.
